re the Construction of a new General Hospital Building at Colick Magazines.

App. F. III—2]

General and Revenue Secretariat. | File No. | of 192

Serial No.

The present question relates to the construction of the District Hospital Chikmagalore in connection with the donation of Rupees fifty thousand by Mr. Chandregowda which donation has been accepted and the name of the donor is noted for suitable recognition.

In his letter dated 16 March 1927 offering this donation, the donor mentions that the Govt had sanctioned the building of a general Hospital in Chickmagalur ~~and if~~ at a cost of 80,000 Rs and if this was a fact and as it was his intention to celebrate his father's memory, he would offer a sum of Rs 40,000 being half the cost of the same, if the Hospital was named after his father and also said that if a convenient site within the precincts of the Hospital was granted to him, he will put up a separate ward for the convenience of the Veerasaiva Community.

The Offer was accepted and acknowledged by the Govt and the donor ~~sent~~ gave a cheque for

to the W.C. Madras, who sent the same for Rs 25000/- ~~on 25th March~~ with a letter dated 25th March 1927, wherein the W.C. mentions that the donor requested that (1) the work of Hospital be taken up immediately (2) that it should be named after his father Mallappa and that (3) it should be located in the site selected by the Revenue Sahib. This letter also announced a further donation of Rs 50,000, towards the amelioration of the ~~women~~ of the women of the district, in the manner to be settled by the Revenue Sahib. (In the present letter) the donor specifically mentions maternity School. This question is being worked up in a separate file) Both the donations were accepted by the Govt.

In connection with Mr. Hebbi's letter of the 25th March, further action had to be taken to acquire some more for the construction of the General Hospital in the ~~place~~ site selected by the Revenue Sahib and the Deputy Commr. Madras District has been requested in his letter No [illegible] dt. 17.9.26 to expedite needful action in the matter viz. . . . . ;

The Deputy Commr. in his

XX The P.S. to W. in his ~~letter~~ letter to the W.C. dated 22nd March assures the donor among other things that the Hospital will be located in the site selected & that action to acquire the land should be taken by the W.C.

letter (P.W.D) dated the 3rd May forwards the letter of Mr. Chandrasekhara in which Mr. Chandrasekhara states that the Dewan Saheb was pleased to promise a grant of Rs 50,000 for the Hospital & requests that as he has paid Rs 25,000, Govt may also allot a similar amount and start the work immediately & that if the amount (i.e. 50,000 rupees) is worked out, he will pay the balance of 25,000 rupees. (Regarding the other question of opening of a maternity School. the file is being worked up separately not later than March 1926

It is seen by information enquiries made, that no scheme for building a Hospital at a cost of 50,000 rupees had been sanctioned or under consideration of Govt. at the time as mentioned in the first letter of Mr. Chandrasekhara, Mysore the donation. The subject appears to have been started only during the recent visit of the Dewan Saheb and hence the basis of information of Mr. Chandrasekhara is not known. At any rate, as the offer of Mr. Chandrasekhara is based on the assumption of the Govt. has been constructed

a hospital at a cost of Rs. 80,000. It may be conceded, in all fairness to the donor, that Govt., by not contradicting the assumption of donor and accepting the gift in the terms of the letter, have committed themselves to the scheme and have to find funds to the extent of Rs. 40,000 for this purpose. No provision for this has been made in the Medical Budget or in the P. W. Budget. As this work has to be taken in hand immediately, needful action has to be taken to provide for funds for the Hospital building in the P. W. Budget during the coming year.

There is nothing on record to show that the Diwan promised a sum of Rs. 50,000 rupees towards this work. The additional Rs. 10,000 are meant for a ward for the convenience of the Veera Saiva community to be put up by the donor. The implied liability on the part of Govt. in this connection appears to be only the grant of a free site within the precincts of the Hospital (vide donor's original letter). If this means that acquisition proceedings have to be taken and any cost is to be incurred for towards this purpose, it is for orders as to from what source the

same is to be met. Some provision for the purpose may have to be made in the next year's Budget.

The Hospital has to be named as per terms of the gift, after the name of donor's father. No specific orders have been passed in this connection. The acceptance of the gift probably means that Govt. have approved of this. Specific sanction may perhaps be recorded.

Plans in regard of the Hospital buildings, it is informally ascertained, are being worked out. The Chief Engineer may perhaps be asked to expedite the same, obtain sanction of Govt. and to take the work in hand early.

After orders on the above are passed, a suitable reply may have to issue to the W. Indian for communicating to the donor.

The Dewan Saheb of Mysore,

Sir,

In submitting herewith for favor of consideration and early favorable orders a copy of the proceedings of the mass meeting held at Chikmagalur on Sunday the 23rd instant at 5.P.M. in the matter of locating the Maternity Hospital in the Munsiff's Court building, I beg to state that so far Chikmagalur town is concerned the Munsiff's Court building situated as it does very close to the High Road and in the busiest part of the town where there will be a heavy traffic both day and night, is absolutely unsuited for hospital purposes. In order to provide the necessary comforts and convenience to the suffering public as well as the members of the medical staff, the locality for a hospital must be decently large and aloof from the inhabited parts to afford ..... calmness to patients- especially females who resort to the hospital for medical aid in a state of confinement.

Since it is proposed to construct a General Hospital elsewhere, the present District Hospital Buildings which are .. mostly suited for hospital purposes and are aloof from the inhabi-ted locality may conveniently be utilised for a combined Female Dispensary and Maternity Hospital which will be more beneficial to all people including Europeans as there is also the SANDERSON WARD attached to the premises of the District Hospital.

The Munsiff's Court building has been specially constructed for Court purposes and the Court is being held therein for over half a century and as such the prayers of the public of the Chikmagalur Town that the Munsiff's Court should not be ... shifted therefrom may kindly be considered favorably and orders passed to that effect at an early date.

I beg to remain
Sir,
Your Most Obedient Servant

CHAIRMAN

Chikmagalur
Dated 24.5.27

Proceedings of the mass meeting held in the Hindumusafarkhana, Chikmagalur on 23 - 5 - 27 at 5. P.M. under the Presidency of Mr. B. Kesavaiya, Municipal President.

THE FOLLOWING RESOLUTIONS WERE PASSED;-

(1). That the Munsiff's Court building is quite unsuitable for the Maternity as it is very close to the high road and is situate in the busiest part of the town. There will be very heavy traffic both day and night. Moreover the present building will have to be altered at a heavy cost to make it suitable for the maternity, The Present Munsiff's Court building has been specially constructed for Court purposes and the Court is being held therein for over half a centuary and it is a landmark in Chikmagalur and an ideal place for the Court.

(2). As it is proposed to acquire SAGANIPURA HATTI for maternity, the place so acquired will be quite ample and more than enough for the maternity and to accomodate any number of beds, dispensary and quarters.

(3). As it is proposed to construct a General Hospital elsewhere the present District Hospital Premises may be utilised as a combined Female Dispensary and Maternity Hospital and it has got enough of space and extensive ground. This arrangement will be more beneficial to all people including Europeans as there is the SANDERSON WARD by the side of the District Hospital.

(4). That under the above circumstances the Munsiff's Court and the Public Works Department need not be disturbed and utilised for Maternity.

(5). That the Chairman be authorised to send copies of these resolutions to Government, the Dewan Sahib, the Chief Court, the Deputy Commissioner and the Press.
